

Employer superannuation contributions

Macquarie Wrap

Use the form attached to have your employer superannuation contributions paid to your Macquarie Wrap superannuation account.

Contributing via SuperStream

Macquarie-administered superannuation funds are able to receive employer contributions via SuperStream.

Employers or their service providers will require your account details and the following fund information to send contribution information and payments via SuperStream:

- Unique Superannuation Identifier (USI) and superannuation product name
- Australian Business Number (ABN)
- Electronic service address.

The USI and ABN for the Macquarie-administered funds, are provided on the next page of this form.

Employers or their payroll service providers can use the USI and ABN to identify the individual super product on the Australian Taxation Office's Fund Validation Service in order to obtain the crediting details and electronic service address for that super product.

Other ways to contribute

For employers who have not transitioned to sending contributions via an eligible SuperStream method, there are several other ways in which they can continue to contribute to your account.

Please note our direct debit, direct credit (direct deposit facility) and BPAY® payment options for employer contributions are not eligible SuperStream contribution formats.
